THE exposition at Buffalo opened its doors Wednesday. Its official title is the Pan-American Exposition and it is reported to be an exposition of all the industries and product of North and South and Central America, West Indies and our insular possessions. The grounds and buildings are most beautifully arranged and the managers have endeavored to improve on what has been done in former expositions.

## A Gala Day in Paris.

The Silver Jubilee Carnival of Garth Lodge, No. 43, A. O. U. W., which is to occur in this city on June 12th, promises from present indications to be the biggest thing of the kind ever held in Paris. The carnival will open at sunrise on the morning of the 12th with the firing of a salute of twenty-one guns. The committee on decorations will see to it that the city is decorated in a manner which will do credit to some of the metropolitan cities.

The parade in the morning will be worth coming miles to see. It will be participated in by all the neighboring A. O. U. W. lodges, and there will be three bands of music. There will be a number of decorated floats furnished by the business men of Paris. A number of other Paris lodges have kindly consented to take part in the parade, among them Mammoth Tribe of Red Men, who will be attired in their handsome new Indian uniform and on horseback. According to an Indian custom they will march single file and will ride bareback, and with the bright colors of their hand-some uniform will present a most imposing spectacle.

In the afternoon will be a balloon ascension and parachute drop. Just before the balloon makes the drop he will release about five thousand small strips of card board. On one of these will be printed an advertisement of Garth Lodge, with the seal of the lodge attached. To the person finding this card will be presented a five dollar gold piece.

At night at the Opera House will be presented a play by members of Garth Lodge. The leading parts will be assumed by Mr. and Mrs. James R. McCann, who will be spending their vacation in Paris at that time, and have kindly volunteered their services. Ruth and Clara, the celebrated child artists, will also take part in the play.

After the play a magnificent banquet will be served to the visiting brethren at Odd Fellows' Hall, and during the banquet a vaudeville and musical program has been arranged for their amusement. Altogether this will be the biggest thing of the kind ever seen in Paris and will be means of bringing thousands of strangers to the city, besides those living in the country. Let every body boom it as much as possible.

Do you need \$50? If so read the advertisement of the Bourbon Lumber Company Guessing Contest in this issue. You might be the lucky person. 11

## Meeting of Bourbon County Democratic Committee.

At noon on Wednesday, May 1, the Bourbon County Democratic Committee held their meeting to arrange for the Democratic primary on June 1st.

The treasurer reported that all candidates had paid their assessments. Upon motion it was decided that the following persons be declared the Democratic nominees for the respective offices, they having no opposition:

H. C. Smith, County Judge.  
W. W. Mitchell, Sheriff.  
Ed. D. Patton, County Clerk.  
Dr. Wm. Kenney, Coroner.  
B. F. Bedford, Jr., Surveyor.  
Jno. P. Howell, Magistrate Clintonville precinct.

Robert Gilkey, Constable North Middleton precinct.

Upon motion it was resolved that all candidates be allowed to submit a list of election officers they desire, said list to be submitted to the various committees, who shall select from them two judges, one sheriff and one clerk for each election precinct, these to be approved by the Committee at their next meeting on May 21st.

A committee was appointed, consisting of T. Earl Ashbrook, Russell Mann and Edward Rice, to arrange for the printing of the ballots and to make all other arrangements for the coming primary.

Upon motion it was decided to cast lots for the position of each candidate name upon the ballot.

The Committee then adjourned to meet again on May 21st.

I HAVE the largest stock of wall paper in Central Kentucky. Do not wait until it is too late to make your selection, but call and look over the stock now. If you make a selection I will lay it aside and have it put on for you when you wish. Look at the display in the window at 3 and 4 cents.

## The Hospital Question.

The question of a hospital for Paris is still the principal subject of conversation on the streets and in the home circle. A physician told a News man yesterday that he had four patients under his charge at the present time who would be placed in the hospital if there were one here, but who were unable to stand the trip to Lexington. The suggestion has been made that the old Christian Church property, on the corner of Eighth and Main, would be an excellent site for the hospital building, but others are opposed to it on account of the noise and excitement in that neighborhood. The sooner the matter is pushed to a successful conclusion the better, and if some of our representative citizens would take the matter up now and solicit subscriptions he would find no difficulty in securing the needed amount.

On June 2nd the Bourbon Lumber Company will give away \$50. You may be the one who will get part of it. Read about the Guessing Contest in their ad. in another column. 11

## School Items.

The first class certificates of all the teachers who received them in 1897, and have been teaching continuously since, can be renewed this year upon application to County Superintendent.

The first examination of white teachers will take place at the court house on Friday and Saturday, May 17th and 18th and first for colored teachers on Friday and Saturday, May 24th and 25th, beginning at 7:30 a. m.

Those who wish to study Prof. Fuqua's "helps" apply to County Superintendent.

This is the time of year you should buy your new carpets. I have all the different styles and patterns, and can suit you on both quality and price.

## Stock And Crop.

Dr. Duncan, of Sharpburg, sold a Red Cloud yearling to Mr. Harper, of Mt. Sterling, last week, for \$175.

Saturday night dogs killed \$500 worth of sheep belonging to J. H. Boggs, of Jessamine county. Nine of them were imported Southdowns.

The Danville News says that Richard Cobb had a mule colt to foal a few days ago by Black Cloud that measured three feet nine inches high.

Lewis R. Rogers bought of Ed Rice, commissioner, one-eighth interest in 112 acres of land of the late Warren Fisher, near North Middletown. Price, \$48.15 per acre.

Frank and Ed Pence sold to John Jones a car load of hogs to be taken June 20th, at 5 cents per pound. It is estimated that they will average two hundred pounds at time of delivery.—Georgetown Times.

L. & N. opened at 100½ yesterday, from that quotation it climbed steadily until noon, when the maximum of 111½ was reached. After that time there was a slight reaction, the stock gradually dropping back to 109½.

James A. Fisher, of near Foster, now in 82d year, raised on one acre of land 1,730 pounds of tobacco, which his son Gates delivered to the Continental Company at this place one day last week and for which he received 124.70, or 7½ cts. per pound.

John F. Richardson has bought the Cap Gillespie farm of 123 acres, near Plum, part of which is in this county and part in Bourbon, at \$60 per acre. Mr. Richardson has rented the farm to Mr. Gillespie for this year.—Mt. Sterling Advertiser.

J. H. Dickerson & Son have bought of Reb. Goddard and Wm. Marimon their hemp crops for 1901 at \$4.50 per 112 lbs. with the rise to January 1, 1902. They have made some straight purchases at \$4.75. To date they have bought 500 acres of the growing crop.—Harrodsburg Democrat.

Major John D. Harris, one of the largest cattle raisers of Madison county, lost twelve of his herd by death during the recent blizzard. Distillery slop, which he had been feeding them, combined with the unfavorable conditions of the weather, is supposed to have caused their death.

Reports to the Commissioner of Agriculture from all over Kentucky show that the crops are in excellent condition and that the damage to fruits from frost and flood during the month of April has been of little consequence, compared to previous years. The year 1901 promises to be an exceptionally fortunate one for agriculturists.

Court day at Winchester last week was one of the smallest ever known there. But few stock buyers were in town, and about 350 cattle were on the market, some being left unsold. Seventeen 500 lb. heifers sold at \$20 apiece. Nineteen 840-lb steers at 4½c; a lot of light calves at \$20; some 900-lb cows brought \$3 35 per cwt.
